

2010 New Mexico Association for Career Technical Education Conference and Expo

June 7-9 / Ruidoso, New Mexico

WIN BIG with CTE!

Join us this summer in the beautiful mountains of Ruidoso! Your registration fee of \$150.00 includes three meals and a full day and a half of workshops!

NMACTE will be hosting a FABULOUS Summer Conference again with the continued goal of providing professional development for teachers, counselors, and administrators, both secondary and post-secondary!

With over 300 participants expected, we are anticipating a wonderful sharing opportunity in which attendees are empowered and provided tools and resources towards building futures.

Please plan on joining us!!!

Registration online today at:
<http://www.thinkregistration.com/ACTE/NM>

Pre-Conference Opportunities:

HSTW Pre-Conference will be providing three national trainers who will supply New Mexico school and teacher leaders with new strategies for designing schools that provide more students with relevant, meaningful educational experiences, preparing them for careers in the 21st-century economy. (Training, materials and lunch provided for \$40/participant)

ASE / NATEF Pre-Conference will take participants through a step-by-step process in preparing for ASE / NATEF program certification. The training includes knowledgeable instruction and a dedicated computer software system that will guide you through the process. (Training, materials, software and lunch provided for \$25/participant)

ServSafe Management Certification Pre-Conference offers manager certification for professionals in the foodservice industry! Included with the full-day of training, is the ServSafe Essentials book, lunch, and certification exam. Upon passing, participants will receive certification from the nationally recognized National Restaurant Association Educational Foundation. (Training, materials and lunch provided for \$125/participant)

Non-Traditional Careers: Recruiting Women in STEM Pre-Conference provides participants with an in-depth look at factors identified in non-traditional careers. Attendees will receive resources to assess their programs, identify root causes, create a program improvement action plan and evaluate progress towards a gender inclusive learning environment. (Training & materials are FREE, thanks to the Non-Traditional Career Pathway Awareness Grant)

NCCER Certification Pre-Conference provides certification towards becoming a craft/technician instructor, authorized to teach the Contren Learning Series, through the National Center for Construction Education and Research (NCCER). Their mission: to build a safe, productive, and sustainable workforce of craft professionals. (Training, materials and lunch for \$125/ participant)

Wonderful Workshops:

MANY Professional Speakers will be joining us this year from across the country! With the new STEM initiative, presenters will provide information on project-based curriculum and working towards sustainability through environmentally "green" implementation techniques. As we partner with the "High Schools That Work" initiative, a phenomenal arena of break-outs will be available, as well! All of this, of course, will not take away from the division-specific workshops that are geared specifically to you, and the GREAT exhibitor offerings, providing the latest and greatest in the upcoming technology! There will be something for everyone!
