

**ASE / NATEF National Program Certification Workshop
New Mexico Association of Career Technical Education
June 7, 2010 (8:00 a.m. - 4:00 p.m.)**

Certify your Automotive Technology or Collision Repair Technology Program!

If you are under pressure to obtain national industry certification for your Automotive Technology program, or just have a desire to structure and improve your program for the benefit of your students, we can provide the assistance you need. You will receive dedicated computer software that will take you step-by-step through the certification process, along with valuable suggestions for somewhat “painless” implementation. Continuing direct technical assistance is also available.

Cost

For the price of the workshop, you receive: a full day of training, to include materials & software, lunch, and a certificate of completion! (Training, Materials, Software and Lunch: \$25/participant)

Registration

Registration can be accomplished by completing the on-line registration process at: <http://www.thinkregistration.com/ACTE/NM/>

Information

Information can be obtained by contacting Skip Saurman at: 505-466-4118

**ServSafe Management Certification Class Pre-Conference
New Mexico Association for Career Technical Education
Summer Conference / June 7, 2010 (8:00 a.m.—5:00 p.m.)**

The ServSafe Program!

Food safety training is a commitment, a mindset and a smart business practice for every restaurant and foodservice operation in our industry. Food safety training doesn't end, however, once a manager earns certification. That's where it begins — by implementing food safety practices on a daily basis. It is also critical that every person in an operation meet today's food safety practice demands. The ServSafe[®] program provides the resources to help keep food safety an essential ingredient in every meal.

Cost

For the price of the seminar, you receive the following: a full day of training; ServSafe[®] Essentials Fifth Edition book; lunch; and a certification exam. Attendees who successfully complete the course and score higher than 75% on the exam will receive certification from the National Restaurant Association Educational Foundation, which is nationally recognized and valid for 5 years. (Training, Materials, and Lunch: \$125/participant)

Registration

Registration can be accomplished by completing the on-line registration process at: <http://www.thinkregistration.com/ACTE/NM/>

Information

Information can be obtained by contacting Victoria Sanchez Martinez with the New Mexico Restaurant Association at: 1-800-432-0740

Non-Traditional Careers: Best Practices, Strategies and Tools for Recruiting & Retaining Women in STEM
Pre-Conference
New Mexico Association of Career Technical Education
June 7, 2010 (1:00 p.m.—5:00 p.m.)

Are you interested in learning how to be a more effective gender equity change agent in your program or school district? This workshop will give an in-depth look at factors identified as affecting females' decisions to pursue interests in science, engineering and technology related areas. Participants will also receive resources to assess their program, identify root causes, create a program improvement action plan and evaluate progress towards a gender inclusive learning environment in their STEM classroom or program. In addition, some of these same strategies can be transferred to other non-traditional careers.

Cost

The Registration Cost is covered by the Non-Traditional Career Pathway Awareness Grant and includes a half-day of training and materials (FREE!)

Registration

Registration can be accomplished by completing the on-line registration process at: <http://www.thinkregistration.com/ACTE/NM/>

Information

Information can be obtained by contacting Phyllis Baca at: 505-490-1557

NCCER Certification Pre-Conference
New Mexico Association for Career Technical Education
June 6 (1:00-5:00) & June 7 (8:00—5:00)

The National Center for Construction Education and Research (NCCER) is a not-for-profit education foundation created to help address the critical workforce shortage facing the construction industry and to develop industry-driven standardized craft training programs with portable credentials. **Our Mission** is to build a safe, productive, and sustainable workforce of craft professionals.

Craft Instructor

A craft/technician instructor is an individual authorized to teach the Contren[®] Learning Series and has a minimum of journey-level experience or three years experience as a certified teacher in a related training program. All NCCER craft/technician instructors must successfully complete the Instructor Certification Training Program (ICTP) conducted by an NCCER Master Trainer.

Cost ~ For the price of the seminar you receive the following: a full day and a half of training; NCCER Materials; lunch; and a certificate of certification. (Training, Materials, and Lunch: \$125/participant)

Registration ~ Registration can be accomplished by completing the on-line registration process at: <http://www.thinkregistration.com/ACTE/NM/>

Information ~ Information can be obtained by contacting Ronald Taylor at: (575) 644-7404.
