

Engineering / Technology in Classroom Workshop

New Mexico Association of Career Technical Education

Pre-Conference / June 12, 2011 (1:00 p.m. - 5:00 p.m.) & June 13, 2011 (8:00 a.m.—2:00 p.m.)

Using 10th Century Technology to Train 21st Century Students!

The technology of the 10th century was used to totally change Europe's ruling power structure and change history for ever. Those technologies, although basic, are still profound lessons in engineering and will be used to teach students thru hands-on activities, basic rules, and processes of engineering. Attendees will leave with one complete kit for their classroom upon completion of the workshop. The workshop will be 4 hours on Sunday afternoon and 4 hours on Monday morning for a total of 8 hours.

Cost

For the price of the workshop, you receive: a full eight hours of training, to include materials & kit for classroom, lunch, and a certificate of completion! (Training, Materials, Complete Kit and Lunch: \$235/participant)

Registration

Registration can be accomplished by completing the on-line registration process at: <http://www.thinkregistration.com/ACTE/NM/>

Information

Information can be obtained by contacting Dan Dudley at: 806-674-0351

ServSafe Management Certification Class Pre-Conference New Mexico Association for Career Technical Education Summer Conference / June 13, 2011 (8:00 a.m.—5:00 p.m.)

The ServSafe Program!

Food safety training is a commitment, a mindset and a smart business practice for every restaurant and foodservice operation in our industry. Food safety training doesn't end, however, once a manager earns certification. That's where it begins — by implementing food safety practices on a daily basis. It is also critical that every person in an operation meet today's food safety practice demands. The ServSafe[®] program provides the resources to help keep food safety an essential ingredient in every meal.

Cost

For the price of the seminar, you receive the following: a full day of training; ServSafe[®] Essentials Fifth Edition book; lunch; and a certification exam. Attendees who successfully complete the course and score higher than 75% on the exam will receive certification from the National Restaurant Association Educational Foundation, which is nationally recognized and valid for 5 years. (Training, Materials, Break Service and Lunch: \$135/participant)

Registration

Registration can be accomplished by completing the on-line registration process at: <http://www.thinkregistration.com/ACTE/NM/>

Information

Information can be obtained by contacting Victoria Sanchez Martinez with the New Mexico Restaurant Association at: 1-800-432-0740

Non-Traditional Careers: Best Practices, Strategies and Tools for Recruiting & Retaining Women in STEM
Pre-Conference

New Mexico Association of Career Technical Education
June 13, 2011 (1:00 p.m.—5:00 p.m.)

Are you interested in learning how to be a more effective gender equity change agent in your program or school district? This workshop will provide new research and an in-depth look at factors that affect females decisions to pursue interests in science, engineering and technology-related areas. Participants will also receive resources to assess their program, identify root causes, create a program improvement action plan and evaluate progress towards a gender inclusive learning environment in their STEM classroom or program. In addition, some of these same strategies can be transferred to other non-traditional careers.

Cost

The Registration Cost is covered by the Non-Traditional Career Pathway Awareness Grant and includes a half-day of training and materials (FREE!)

Registration

Registration can be accomplished by completing the on-line registration process at:
<http://www.thinkregistration.com/ACTE/NM/>

Introduction to GREEN JOBS CURRICULUM

Pre-Conference

New Mexico Association of Career Technical Education

June 13, 2011 (1:00 p.m.—5:00 p.m.)

Creating a Pipeline from Secondary to Post-Secondary Education and Training in New Mexico's Green Economy:

The emerging green economy represents a tremendous opportunity for economic development and job creation in New Mexico. This workshop will provide an overview of a green jobs curriculum developed for New Mexico high schools, including detailed presentations of applied science, environmental science, math and hands-on practical applications from a sample unit. Participants will receive a CD of the curriculum and accompanying resources. Learn how to create a collaborative structure for green jobs training in your community!

Cost: The Registration Cost is \$20.00

Registration: Registration can be accomplished by completing the on-line registration process at: <http://www.thinkregistration.com/ACTE/NM/>
